Professional Profile

My journey with programming began in 2021. For nearly four years, I worked at VML — initially as a Web Master, then as a Junior Frontend Developer on international projects. I am passionate about art, psychology, and graphic design — interests that enhance my ability to craft thoughtful and accessible UI/UX. I'm looking for a position that will allow me to grow further and contribute meaningfully to product development.

Work Experience

Jr Frontend Developer

VML Poland

Remote

Oct 2024 – Apr 2025

Work on projects for Colgate-Palmolive (m.in Elmex, Palmolive, Sanex, Meridol)
